

## **Season-in-Review 2016-2017**

Perfect Limit Guide Service had a trophy season this year. In 2016 the Federal Government cut the season to 60 days, Nov. 15 – Jan.28. However, all the birds were well developed in this time period and there were over three hundred trophy grade Common Eiders taken by our hunters. Also, plenty of Black Ducks were available in the marsh in the PM. Plenty of birds for everyone.

We had a another record set for banded birds!

- 53 Common Eider bands.
- A perfect pair of King Eiders
- Banded Barrows Goldeneye
- Banded Atlantic Brant
- A Common Eider with a radio transmitter

## **Season for 2017 – 2018**
